

# ANKOBRA RIVER TRANSPORT

## Job Advertisement: Finance Manager

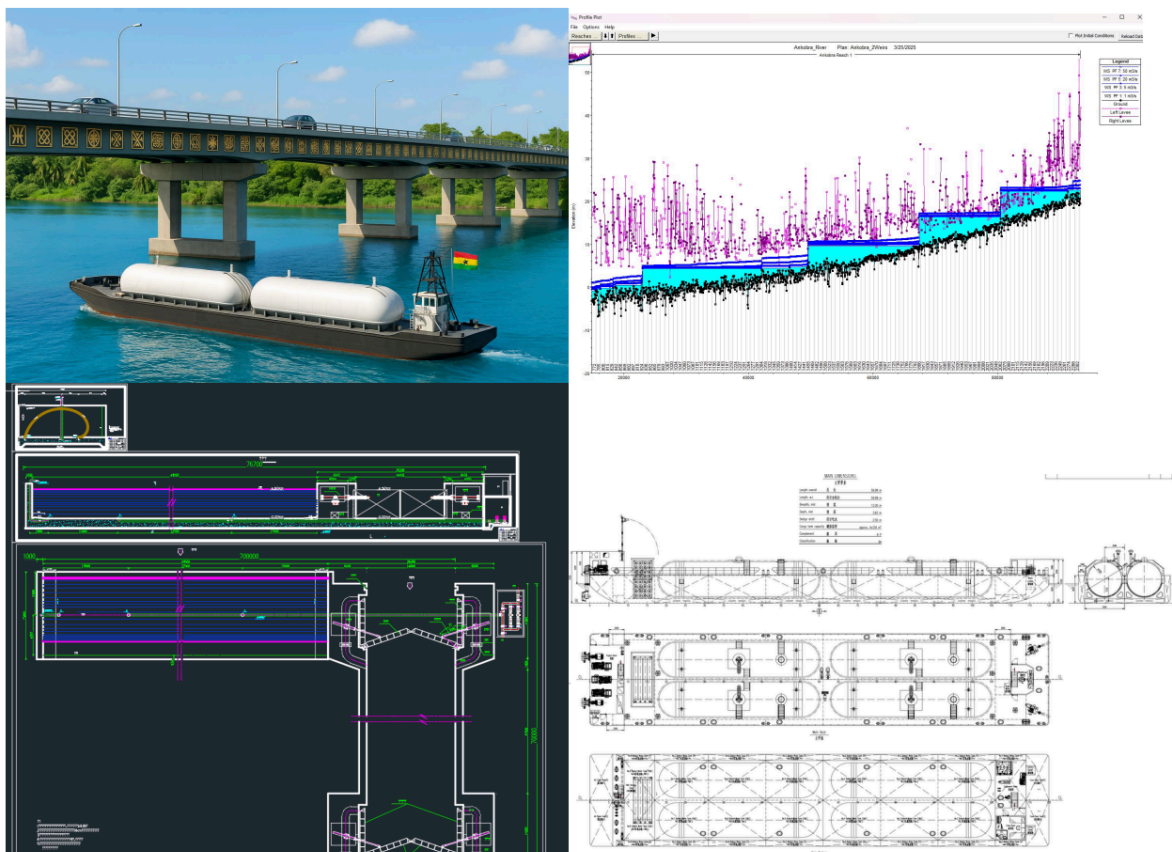

**Position:** Finance Manager

**Reporting to:** Managing Director

**Location:** Takoradi or Accra

**Company:** Ankobra River Transport Limited

**About Ankobra River Transport:** We are a newly formed company embarking on an exciting project to develop the Ankobra River for barge navigation in Ghana. The construction phase of this project will involve dredging, river widening and bank excavation, redevelopment of bridges, construction of river quays and installation of navigational aids. Founded by Ghanaian, American and Irish investors, Ankobra River Transport is currently finalising engineering designs, financing and regulatory approvals to begin works and operations on the Ankobra River.

**Role Overview:** We are seeking a highly adaptable, ambitious and driven Finance Manager to lead and execute project financing deals, financial modelling, structuring of financing and commercial agreements as well as company reporting and financial administration. The successful candidate will play a pivotal and hands-on role in steering the project through

feasibility and construction into operations. This person would report to the Managing Director and present to the Board of Directors. There would be outstanding development opportunities for this person given the leadership experience within the company (ex-McKinsey & Company, Genser Energy, Ghana Ports and Harbours Authority) and the successful candidate would be expected to have a steep development curve to grow into a leader of one of the most transformative transport infrastructure projects in Ghana's history.

**Key Responsibilities:**

- Prepare and execute a project financing round to secure project financing for the company
- Structure financing agreements, business development agreements and major procurement contracts
- Prepare financial modelling and value engineering analyses to underpin the project and major decisions in design, construction and operations
- Draft management and financial reports for company Board meetings.
- Manage company administration and financial controls

**Requirements:**

- Bachelor's degree in Accounting or Finance
- Minimum of 5 years of experience in Big 4 Accounting firms or a management consulting firm.
- Experience in project development
- Strong leadership and communication skills
- Excellent command of English and Twi
- Willingness to spend extensive time in the field on project sites along the Ankobra River.

**Highly Desirable Candidate Qualities (Not Required but will be scored as bonus in candidate evaluation):**

- Experience in fields of transport & logistics, maritime, engineering, and energy
- Business development experience
- Corporate Finance Experience
- Chartered Accountant

**Benefits:**

- Competitive salary package commensurate with experience.
- Opportunity to work on a legacy infrastructure project that will have great social, environmental and economic benefits for the Western Region.
- Professional development and growth opportunities within the organization.
- Collaborative and dynamic work environment.

**Application Process:** If you are a passionate and adaptable finance professional looking to make a significant impact in Ghana's development, we encourage you to apply. Please submit your resume and cover letter outlining your relevant experience and why you are the ideal candidate for this position to [niall.o.tuathail@ankobrariver.com](mailto:niall.o.tuathail@ankobrariver.com). Kindly indicate "Finance Manager" in the subject line.

Join us in shaping the future of transportation in Ghana!
